Litigation Technologies**

BRYAN UNIVERSITY
FOUNDED 1940

The Paralegal and E-Discovery Fields are Growing...

Expanding Career Opportunities

According to the Bureau of Labor Statistics, paralegal and litigation support jobs are expected to grow much faster than average at a rate of 15 percent through the year 2026 with projected job openings of 34,700 in the US.¹ Furthermore, according to a recent industry salary study, 30% of firms, vendors and corporations intend to grow their practice groups, and hiring in the legal field continues to accelerate. As a whole, corporations are predicting the biggest increased demand for Analysts, Paralegals, e-Discovery Attorneys, and Consultants.² Trends also suggest that employers are becoming more selective and placing greater preference on paralegal candidates with a four-year degree.³

Attractive Careers & Employers

As a graduate of the Bryan University Bachelor's Degree in Paralegal Studies and Litigation Technologies, you'll enter a world of exciting career opportunities:

- Corporate Paralegal
- Litigation Paralegal
- Discovery Paralegal
- Legal Analyst
- Legal Support Specialist
- Legal Assistant
- Litigation Clerk

Paralegals and Legal Support Specialists lead rewarding careers in numerous settings:

- Local and international law firms
- Corporate legal departments
- Professional services firms
- Finance and insurance firms
- Government agencies

34,700

— Projected job openings for paralegals and litigation support professionals through the year 2026.¹

Connect with an Online Community Like No Other

Connect with faculty, peers, and student support conveniently from your smart phone, tablet, or computer with BryanConnect, our online user-friendly community. At Bryan, we don't think online learning means learning alone. You'll become part of a vibrant community of your fellow students, alumni, instructors, and others, who provide support and celebrate your success along the way. You'll not only develop colleagues who will help coach and assist you during your college experience, but you'll also build a professional network—for life.

Gain a Competitive Advantage with Specialized Skills

In today's electronic-driven legal environment, paralegals must be equipped with the right technology expertise and be current on the latest e-Discovery software. E-Discovery has become a key component of the legal process, which is why Bryan University is committed to helping you gain a competitive advantage in your career with the most unique e-Discovery paralegal education possible, in addition to the following competencies:

- Paralegal science and legal office management
- Business, criminal, civil, family and contract law
- Civil litigation and investigative research
- Database management and Microsoft Office®
- Preparation for the nationally-recognized Certified Paralegal (CP) exam through National Association of Legal Assistants (NALA)—*one exam attempt is included in the program tuition*

Experience the New Online Learning Model—Personalized to You

Our dynamic experiential learning model (DeXL) contains cutting-edge curriculum combined with computer-based learning tools, allowing you to learn smarter and retain more. You'll receive a personalized learning experience, which includes:

- Individual coaching meetings with instructors when you want them, and instructors who reach out to you if they see you need help
- The flexibility to accelerate assignment due dates and select from a variety of assignment options to fit your schedule and learning style
- A mastery-based learning environment giving you the option to improve grades by re-taking assignments based upon instructor feedback
- Meaningful, interactive conversations with your peers and faculty
- Real-world experiences using simulated work environments
- Weekly live, interactive online events such as industry speakers, faculty coaching sessions, and helpful workshops that are all recorded in case you miss the event and need to watch it later

Earning your degree now means you'll be prepared for the jobs of the future.

Build Expertise in Our State-of-the-Art Simulation Lab

Our one-of-a-kind ELSSA™ simulation lab (E-Discovery Lab for Software, Simulation & Applications) challenges you with real-world scenarios using cutting-edge industry software, so you can build the practical expertise and experience that employers demand. In this interactive, real-world environment, you'll learn to handle a variety of cases using the latest technologies available and develop a skillset that is primed for career growth.

The Bryan University Difference

Long-Standing History of Excellence.

We have a 77-year proven track record of preparing graduates for successful careers since 1940.

Focus on Employment, Not Just a Degree.

You'll graduate with a degree targeted for an in-demand job market and earn skills that match employers' needs. Work with the Career Services Department to build a job network, sharpen your interview skills, and create an eye-catching resume.

Accelerated Programs.

At Bryan University, we've developed a unique approach to education that allows you to complete your program in the shortest amount of time possible, while still providing the top-notch curriculum, faculty, and support to ensure your success.

Get the Credit You Deserve.

If you apply to Bryan University with prior college credits and/or a degree, we'll accept as many credits as possible to validate the hard work you've already completed.

Learn by Doing, Not Just Lectures.

You'll develop skills and competencies using some of the most innovative, state-of-the-art learning curriculum, tools, and resources available.

Learn From Experts, Not Just Books.

Each faculty member has been carefully selected to ensure they have extensive industry experience. They provide caring, individualized support and mentoring.

Connect With Others, Not Just the Internet.

Whether you're an online or on campus student, you'll learn collaboratively with faculty and peers to build a network of colleagues—for life.

Return for Refresher Classes.

As a Bryan graduate, you'll have the privilege of returning and auditing previously completed courses still being taught—at no charge—to keep your skills and confidence sharp.

Affordable.

A member of our student finance team will help you put together a financial plan that works for you. Financial aid is available to those who qualify.

Books and courseware included in program tuition!
